

## **NEWSLETTER – AUTUMN EDITION** **April 2008**

Dear Friends of Craftsmanship,

Welcome to our next instalment of our quarterly newsletter. We would like to keep you up to date with our news, and what is happening in the world of building.

### **Current projects**

What is the saying it doesn't rain but it pours – good news!!! We won our second tender with the City of Glen Eira. This project was the bar and kitchen refurbishment of the Glenhuntly Pavillion in Caulfield. Interestingly this project commenced on Easter Tuesday and Caulfield Children's Centre started the next day. A lot of the work had to be completed on the weekends due to "escaping children" factor – but we are happy to report that to date no child has gone missing. These two projects have gone very smoothly so far and will be completed in the next few weeks. A special thanks must go to our fantastic staff and very flexible and reliable sub-contractors who all worked extremely well together sometimes under quite difficult circumstances.

Our next project is an office fitout in Oakleigh which is due to commence this week. We have several projects in the early stages of works. Please mention us to your friends and colleagues if they are considering a new home, renovation or extension or a commercial project we are more than happy to assist if we can.

### **First Aid Course**

As mentioned in an earlier newsletter Gary is a member of builders' group with about 15 members. In March 2008 we arranged for 25 people including builders, their employees, subcontractors and friends to get together and undertake a First Aid Course at our factory. The day was a great success with all participants passing the course. The course was run on a Saturday and was an easy way to complete First Aid without having to take time off work or travel into the city. The two girls who ran the course did a great job and turned a subject that can be sometimes quite dry into an interesting and informative course. Should you require any information about this course please do not hesitate to contact our office.

Our next course which will be run in the next few months is "Traffic Management". If you would like to join us or know of someone that is interested in this course please provide them with our details.

Well we hope you have enjoyed our newsletter. Please email or phone us with your opinion of our newsletter. We would love to hear from you. If you have any interesting comments for our next newsletter please contact us.
