

## **NEWSLETTER – WINTER EDITION**

### **June 2008**

Dear Friends of Craftsmanship,

Welcome to our next instalment of our quarterly newsletter. The winter weather is certainly upon us.

#### **Current projects**

We have started a new house extension in Sea Parade in Mentone. The house is located very close to the beach and credit to our wonderful staff who brave the winter weather to work on this project. The wind from the beach is absolutely freezing and we all rug up when working here. For those of you who know Gary well – his “sheepskin” hat is getting lots of use!!!

Our next project which will begin soon is an extension to a house in Chelsea Heights. This project should keep us busy until around the end of August 2008. By then hopefully the weather will be warming up.

If your friends or colleagues are considering a new home, renovation or extension or a commercial project please mention us to them as we are more than happy to assist if we can.

#### **New Kitchen**

Exciting news – our factory has a new kitchen. For years we have coped with a cold garden tap, now we have hot and cold running water. Gary has spared no expense we even have a dishwasher!!!! Let's see if it is connected by next newsletter???

#### **Traffic Management Course**

Our next course which will be run July 2008 is “Traffic Management”. If you would like to join us or know of someone that is interested in this course please provide them with our details. The possible dates at present are July 5, 12 or 26.

Well we hope you have enjoyed our newsletter. Please email or phone us with your opinion of our newsletter. We would love to hear from you. If you have any interesting comments for our next newsletter please contact us.
